Dust masks should be worn if the dust concentration is more than 10 mg/m³.
Use in a well ventilated area to control dust exposure to applicable limits.

Section 9 - Physical And Chemical Properties

Form: Powder.

Colour: White.

Odour: Odourless.

Flash Point: Not applicable.

Flammability: Product is not flammable.

Explosion Risk: Dust suspended in the air may burn or explode upon ignition.

Solubility In Water: Insoluble.

Section 10 - Stability And Reactivity

Chemical Stability: Stable under normal ambient conditions.

Conditions to avoid: Humidity, Direct Sunlight, strong acids.

Hazardous Decomposition: None Known.

Hazardous Polymerization: Will not occur.

Section 11 - Toxicological Information

Skin Irritation : Non-irritant.

Eye Irritation : Non-irritant.

Acute Oral Toxicity : Non-toxic in small doses.

Section 12 - Ecological Information

Considered essentially not harmful to the environment.

Section 13 - Disposal Considerations

Non hazardous waste.

The product is inert and non-degradable.

Dispose of according to local and national regulations.

Section 14 - Transport Regulations

Not classified as a Dangerous Good.

Considered non hazardous for transportation by land, sea or air.

Section 15 - Regulatory Information

Europe: This product or its ingredients are listed on or compliant with EINECS.

Section 16 - Other Information
